Publication of BaFin dated 22.03.2023

Reference: Our letter dated 21.05.2024

Dear Mr. Maxemiuk

We regret to note that our polite inquiries regarding our letter dated 21.05.2024 have not been acknowledged to date.

These inquiries included the following:

A letter from your company, also represented by you, dated 22.05.2018 - page 1 paragraph 2 - has not been received.

Likewise, the further letter from your company represented by you dated 08.02.2024 - page 3 paragraph 3 - is not available.

It is requested that the corresponding letters and proof of transmission from your company be submitted at a later date.

You can still be sure that if these letters had been received, a reply would have been the logical consequence!

With regard to our advice that we will contact a law firm in Germany, the letters from BaFin that we have not yet received are important, so we would ask you again to send them to us.

Since your company referred to the letters dated 22.05.2018 and 08.02.2024, these should of course still be in your system. In the happy expectation that we will receive these letters in legally valid certified copies, we remain until then

Yours sincerely.
