**Dear Ms. Simsek, Attorney at Law**  
**Ladies and Gentlemen,**

First of all, thank you for your feedback.

We assumed that our letter dated 22.04.2024 would automatically be assessed as a complaint based on its content and treated accordingly.

Now that we are able to classify it, the official application for the complaints procedure in the matter of the law firm Wehrmann, represented by RA. Martin Wehrmann.

In our opinion, it is unacceptable that a lawyer admitted in Germany uses an Internet portal such as Anwalt.de to a.) put himself in the limelight and b.) to gain media attention in connection with possible mandates, which would not be possible if the Honorable Mr. RA. Wehrmann would have dealt with the case, and above all the status of the YEM Foundation itself, in a manner befitting his position!

For your information, we would also like to inform you that, with regard to the FMA, we have already submitted a further written submission to the Austrian Parliament on the request of the Member of the National Council, which also contains a copy of our written submission in the matter of RA. Wehrmann.

It is unacceptable from our point of view that, as currently shown, German lawyers are fishing out publications from Austria without checking them, as we have described. In our view, the reasons for this action by RA. Wehrmann's action, which is not in accordance with good morals. Accordingly, we consider §§ 186, 187 StGB (German Criminal Code) of defamation and slander to be worthy of attention!

With regard to your comments on data transfer and data protection as an attachment to your letter dated 30.04.2024, we will contact the responsible persons named there in due course.

Yours sincerely!
